PROFESSIONAL SUMMARY

Web Developer and BS Information Technology graduate specializing in Web Technology, with hands-on experience building and deploying web applications, developing backend functionality and REST APIs and implementing AI solutions, designing responsive interfaces, managing relational databases, and troubleshooting software and technical issues.

PROFESSIONAL EXPERIENCE

Front Desk Support/Receptionist | *Nov 2025 – Jul 2026*
M.E Dental Clinic — Quezon City

- Installed, configured, and administered a web-based management system for appointment scheduling, patient records, and inquiries.
- Managed application data, appointments, clinic information, and patient records.
- Provided end-user technical support for account access, software usage, and basic technical issues.
- Assisted with routers, CCTV systems, and workstation infrastructure; troubleshot technical issues and maintained support records.

System Developer Intern | *May 2025 – Aug 2025*
ITSS Department — Baguio City

- Assisted in developing and maintaining web-based applications using PHP, Laravel, JavaScript, React, HTML, and CSS.
- Created UI/UX wireframes and interactive prototypes using Figma.
- Assisted in designing relational database structures for efficient data storage and retrieval.
- Collaborated using GitHub, Discord, and Google Docs and participated in software testing, bug identification, and reporting.

PROJECTS

Dental Clinic Appointment Booking System | *2025*
Full-Stack Web Application

- Built a full-stack clinic management system covering appointment scheduling, patient records, and online booking.
- Developed responsive interfaces and an admin dashboard using HTML, CSS, and JavaScript.
- Developed RESTful APIs and MySQL database structures for application data management.
- Implemented automated email notifications, appointment reminders, and an analytics dashboard for scheduling and patient trends.

Food Ordering Web Application | *2026*
Personal Web Development Project

- Developed a responsive food ordering application for browsing food items and managing orders.
- Integrated Google OAuth authentication and implemented user account and ordering functionality.

Online Ordering System Implementation & Integration | *2026*
Software Implementation Project

- Configured an online ordering system including workflow setup, menu management, and delivery platform integration.
- Customized the interface with HTML, CSS, and JavaScript based on client requirements.
- Provided technical support and troubleshooting during and after implementation.

FVL Highland Place Dormitory Network Infrastructure Setup | *2025*
Personal Project

- Installed and configured wireless routers and network equipment for a four-story dormitory.
- Designed Wi-Fi coverage across multiple floors and performed troubleshooting and optimization.
- Provided ongoing technical support for network-related issues.

TECHNICAL SKILLS

Frontend: JavaScript, React, HTML5, CSS3, Bootstrap, Responsive Design, Figma, Wireframing, Prototyping
Backend: PHP, Laravel, RESTful API Development, Backend Logic, Third-Party Integration
Database: MySQL, Relational Database Design, Database Management
Authentication: Google OAuth, User Accounts, Automated Email Notifications
Development: Git, GitHub, Testing, Debugging, Bug Reporting, Netlify Deployment
IT Support: System Troubleshooting, Hardware/Software Configuration, Routers, CCTV, Workstations

AI-ASSISTED DEVELOPMENT

- Use Claude Code, Claude, ChatGPT, Gemini, and Cursor to support coding, debugging, technical research, and development workflows.
- Review, test, and modify AI-assisted code rather than relying on generated solutions without validation.
- Apply programming and troubleshooting knowledge to understand, adapt, and implement AI-assisted solutions.

CERTIFICATIONS

- NDG Linux Essentials — Cisco Networking Academy (2023)
- Introduction to Packet Tracer — Cisco Networking Academy (2020)
- Security Architecture: A Strategic Approach — InfoSec (2025)
- Cybersecurity Awareness: AI — LinkedIn Learning (2025)
- Project Management Foundations — LinkedIn Learning (2025)
- Advanced MySQL Data Analysis — LinkedIn Learning (2025)

EDUCATION

Bachelor of Science in Information Technology, Major in Web Technology | Aug 2022 – Oct 2025
University of the Cordilleras — Baguio City, Philippines
